II. STATUTORY AND REGULATORY BACKGROUND

12. Section 112(r)(1) of the CAA, 42 U.S.C. § 7412(r)(1), provides that the objective of the regulations and programs authorized under Section 112(r) shall be to prevent the accidental release of regulated substances or other extremely hazardous substances and to minimize the consequences of any such release that does occur.

13. Pursuant to CAA § 112(r)(7), 42 U.S.C. § 7412(r)(7), the Administrator is authorized to promulgate regulations dictating release prevention, detection, and correction requirements.

14. On June 20, 1996, the EPA promulgated a final rule known as the Chemical Accident Prevention Provisions, 40 C.F.R. Part 68, which implements Section 112(r)(7), 42 U.S.C. § 7412(r)(7), of the Act.

15. Under 40 C.F.R. § 68.10(a), an owner or operator of a stationary source that has more than a threshold quantity of a regulated substance in a process ("Covered Process"), as determined under 40 C.F.R. § 68.115, shall comply with the requirements of 40 C.F.R. Part 68 no later than the latest of the following dates: (1) June 21, 1999; (2) three years after the date on which a regulated substance is first listed under Section 68.130; or (3) the date on which a regulated substance is first present above a threshold quantity in a process.

16. Under 40 C.F.R. § 68.12(a), an owner or operator of a stationary source subject to Part 68 requirements must submit a Risk Management Plan ("RMP") as provided in 40 C.F.R. Part 68 Subpart G (§§ 68.150-68.185) that reflects all covered processes at the stationary source.

17. 40 C.F.R. Part 68 provides general requirements applicable to owners or operators of a stationary source subject to Part 68. It also establishes requirements that apply to an owner or operator based on whether the stationary source operates processes subject to one of three

“Programs” -- Program 1, Program 2, and Program 3.

18. Under 40 C.F.R. § 68.12(d), the owner or operator of a stationary source with a process subject to the “Program 3” requirements of the Part 68 regulations, as determined pursuant to 40 C.F.R. § 68.10(d), must comply with the chemical accident prevention requirements of 40 C.F.R. Part 68, Subpart D (Program 3 Prevention Program, at 40 C.F.R. §§ 68.65-68.87).

19. Under Sections §§ 113(a)(3) and 113(d)(1)(B) of the CAA, 42 U.S.C. §§ 7413(a)(3) & 7413(d)(1)(B), whenever the Administrator finds that any person has violated or is violating a requirement of the CAA including, but not limited to, a requirement or prohibition of any rule promulgated under the CAA, other than those requirements specified in Sections 113(a)(1), 113(a)(2) or 113(d)(1)(A) of the CAA, 42 U.S.C. § 7413(a)(1), 7413(a)(2), or 7413(d)(1)(A), the Administrator may issue an order assessing a civil administrative penalty.

20. As adjusted by the 2016 Civil Monetary Penalty Inflation Adjustment Rule (81 Fed. Reg. 43091), 40 C.F.R. § 19.4, the Administrator may assess a civil penalty of up to \$44,539 per day of violation for a violation occurring after November 2, 2015.

21. “Covered process” is defined in 40 C.F.R. § 68.3 as a process that has a regulated substance present in more than a threshold quantity as determined under § 68.115.

22. “Person” is defined in Section 302(e) of the CAA, 42 U.S.C. § 7602(e), as including an individual, corporation, partnership, association, state, municipality, political subdivision of a state, and any agency, department, or instrumentality of the United States and any officer, agent, or employee thereof.

23. “Process” is defined in 40 C.F.R. § 68.3 as any activity involving a regulated substance including any use, storage, manufacturing, handling, or on-site movement of such

substances, or combination of these activities. For the purposes of this definition, any group of vessels that are interconnected, or separate vessels that are located such that a regulated substance could be involved in a potential release, shall be considered a single process.

24. "Regulated substance" is defined in 40 C.F.R. § 68.3 as any substance listed pursuant to Section 112(r)(3) of the CAA as amended, in § 68.130.

25. "RMP" is defined in 40 C.F.R. § 68.3 as the risk management plan required under subpart G of 40 C.F.R. Part 68.

26. "Stationary source" is defined in Section 112(r)(2)(C) of the CAA and 40 C.F.R. § 68.3 as any buildings, structures, equipment, installations or substance emitting stationary activities which belong to the same industrial group, which are located on one or more contiguous properties, which are under the control of the same person (or persons under common control), and from which an accidental release may occur.

27. "Threshold quantity" is defined in 40 C.F.R. § 68.3 as the quantity specified for regulated substances pursuant to Section 112(r)(5) of the CAA as amended, listed in § 68.130 and determined to be present at a stationary source as specified in § 68.115 of this part.

28. "Owner or operator" shall mean any person who owns, leases, operates, controls, or supervises a stationary source.

III. FINDINGS OF FACT AND CONCLUSIONS OF LAW

29. Respondent is a limited liability company authorized to do business in the State of Louisiana.

30. Respondent is a "person" as that term is defined in Section 302(e) of the Act, 42 U.S.C. § 7602(e), and within the meaning of Section 113(d) of the Act, 42 U.S.C. § 7413(d).

31. At all times relevant to this CAFO, Respondent owned and operated a chemical

manufacturing facility located at 9959 LA Highway 18, St. James, Louisiana 70086 ("Facility").

32. The Facility is a "stationary source" as that term is defined in Section 112(r)(2)(C) of the Act, 42 U.S.C. §§ 7412(r)(2)(C).

33. The Facility is subject to the CAA Title V Federal Operating Permit ("FOP") program.

34. At its Facility, Respondent produces anhydrous ammonia at a quantity of approximately 1,500 tons per day.

35. The produced ammonia is used on site for the production of granulated fertilizers.

36. Ammonia is produced by the catalytic reaction of natural gas, air and steam. The granulation plant has three production trains which produce monoammonium phosphate (MAP), diammonium phosphate (DAP) and MicroEssentials granulated fertilizers. These granulated fertilizers are produced by the reaction of phosphoric acid and ammonia.

37. Ammonia (anhydrous) is identified at 40 C.F.R. Part 68.130 as a toxic regulated substance with a threshold quantity of 10,000 pounds.

38. Respondent produces, stores, or handles a regulated substance, ammonia, in an amount over the threshold quantity of 10,000 pounds in a process unit.

39. Based on the quantity of regulated substances present at the facility, the facility's NAICS code, and an evaluation of off-site receptors, the covered processes at Respondent's facility are subject to Program 3 of the RMP regulations, 40 C.F.R. §§ 68.65-87.

40. Pursuant to 40 C.F.R. § 68.69(a), the owner or operator shall develop and implement written operating procedures that provide clear instructions for safely conducting activities involved in each covered process.

41. On November 5, 2015, Respondent reported a release of 5,995 pounds of

anhydrous ammonia to the National Response Center, the St. James Parish EOC, and the Louisiana State Police ("November 5th Release").

42. The November 5th Release occurred during an emergency shutdown process of a section of the ammonia plant during a plant upset caused by the mechanical failure of an upstream pump.

43. Delay in initiating written emergency shutdown procedures caused the pressure to increase in the 116-F refrigeration vessel, which vented ammonia into the atmosphere through a pressure relief valve.

44. Pursuant to 40 C.F.R. § 68.73(b), the owner or operator shall establish and implement written procedures to maintain the ongoing integrity of the process equipment.

45. On September 29, 2016, Respondent reported a release of 461 pounds of ammonia to the National Response center, the St. James Parish EOC, and the Louisiana State Police ("September 29th Release").

46. The release occurred when tubing on the impulse line to the syngas compressor discharge flowmeter (FI-22) transmitter failed.

47. Respondent had not developed and implemented adequate procedures to maintain the ongoing integrity of impulse line

IV. VIOLATIONS

48. Respondent's failure to timely implement its operating procedures during emergency shutdown, causing the November 5th Release, constitutes a violation of 40 C.F.R. § 68.69(a).

49. Respondent's failure to establish and implement procedures to maintain the ongoing integrity of process equipment, causing the September 29th Release, constitutes a violation of 40

C.F.R. § 68.73(b).

V. CIVIL PENALTY AND TERMS OF SETTLEMENT

50. For the reasons set forth above, Respondent has agreed to pay a civil penalty which has been determined in accordance with Section 113(b)(2) of the Act, 42 U.S.C. § 7413(b)(2).

51. Upon consideration of the entire record herein and upon consideration of the size of the business, the economic impact of the penalty on the business, the violator's full compliance history and good faith efforts to comply, the duration of the violation, payment by the violator of penalties previously assessed for the same violation, the economic benefit of noncompliance, the seriousness of the violation, specific facts and equities, litigation risks, and other factors as justice may require, the parties agree that **seventy thousand dollars (\$70,000)** is an appropriate penalty to resolve this matter.

52. Within thirty (30) days of this fully executed CAFO, Respondent shall pay \$70,000 by cashier's check, certified check, or wire transfer made payable to "Treasurer, United States of America, EPA - Region 6." Payment shall be remitted in one of five (5) ways: regular U.S. Postal Service mail, to include certified mail; overnight mail; wire transfer; Automated Clearinghouse for receiving US currency; or On Line Payment. 53. Respondent agrees not to claim, or attempt to claim, a federal income tax deduction or credit covering all or any part of the civil penalty paid to the United States Treasurer.

54. Pursuant to 31 U.S.C. § 3717 and 40 C.F.R. § 13.11, unless otherwise prohibited by law, EPA will assess interest and late payment penalties on outstanding debts owed to the United States and a charge to cover the costs of processing and handling a delinquent claim. Interest on the civil penalty assessed in this CAFO will begin to accrue thirty (30) days after the effective date of the CAFO and will be recovered by EPA on any amount of the civil penalty that is not paid by the respective due date. Interest will be assessed at the rate of the United States Treasury tax and loan rate in accordance with 40 C.F.R. § 13.11(a). Moreover, the costs of the Agency's administrative handling of overdue debts will be charged and assessed monthly throughout the period the debt is overdue. See 40 C.F.R. § 13.11(b).

55. EPA will also assess a fifteen dollar (\$15.00) administrative handling charge for administrative costs on unpaid penalties for the first thirty (30) day period after the payment is due and an additional fifteen dollars (\$15.00) for each subsequent thirty (30) day period that the penalty remains unpaid. In addition, a penalty charge of up to six percent per year will be assessed monthly on any portion of the debt which remains delinquent more than ninety (90)

days. See 40 C.F.R. § 13.11(c). Should a penalty charge on the debt be required, it shall accrue from the first day payment is delinquent. See 31 C.F.R. § 901.9(d). Other penalties for failure to make a payment may also apply.

56. Pursuant to Section 113(d)(5) of the Act, 42 U.S.C. § 7413(d)(5), any person who fails to pay on a timely basis, a civil penalty ordered or assessed under this section shall be required to pay, in addition to such penalty and interest, the United States enforcement expenses, including but not limited to, attorney's fees and costs incurred by the United States for collection proceedings, and a quarterly nonpayment penalty for each quarter during which such failure to pay persists. Such nonpayment penalty shall be ten (10) percent of the aggregate amount of such person's outstanding penalties and nonpayment penalties accrued as of the beginning of each quarter.

57. This CAFO shall not relieve the Respondent of its obligation to comply with all applicable provisions of federal, state or local law, nor shall it be construed to be a ruling on, or determination of, any issue related to any federal, state or local permit, nor shall it be construed to constitute EPA approval of any equipment or technology installed by the Respondent in connection with any additional settlement terms undertaken pursuant to this CAFO. Nothing in this CAFO shall be construed to prohibit or prevent the federal, state, or local government from developing, implementing, and enforcing more stringent standards through rulemaking, the permit process, or as otherwise authorized or required.

58. This document constitutes a "Final Order" as that term is defined in the CAA Penalty Policy for the purpose of demonstrating a history of "prior such violations."

VI. RETENTION OF ENFORCEMENT RIGHTS

59. EPA does not waive any rights or remedies available to EPA for any violations by

the Respondent of Federal or state laws, regulations, statutes, or permitting programs, except for the violations and facts alleged in the CAFO.

60. Nothing in this CAFO shall relieve Respondent of the duty to comply with all applicable provisions of the CAA.

61. Nothing in this CAFO shall limit the power and authority of EPA or the United States to take, direct, or order all actions to protect public health, welfare, or the environment, or prevent, abate, or minimize an actual or threatened release of hazardous substances, pollutants, contaminants, or regulated or other extremely hazardous substances at, on, or from the Respondent's facility. Furthermore, nothing in this CAFO shall be construed to prevent or limit EPA's civil, injunctive, or criminal authorities, or that of any other Federal, state, or local agencies or departments to obtain penalties or injunctive relief under Federal, state, or local laws, regulations, or subparts thereof.

VII. COSTS

62. Each party shall bear its own costs and attorney's fees.
